

# THE POWER OF LEAN

Eliminate Waste and Create More Loyal Customers

Join the Chamber and HSHS St. Anthony's Memorial Hospital on June 29 to learn more about the Power of Lean Thinking presented by The American Innovator: Paul Akers. All proceeds from the event are being pledged to the formation of the Effingham Regional Career Academy.

Paul is the founder and president of FastCap LLC in Ferndale, WA and is passionate about continuous improvement. Paul has spoken with groups worldwide including: Israeli Defense Forces, Lamborghini, and Taylor Guitars. Paul's simple message is about empowering your workforce to eliminate waste in processes. Lean has inspired and applies to any organization. Come learn how you can get started!
